

Page	Problem Details	Severity	Heuristic Violated
Home page	While doing sign up, the password should be hidden instead of showed directly	2	Consistency & standards
Home page	After signing in, there should be user name appearing on the right corner of the website instead of 'user' which is for random guest.	2	Visibility of system status
Home page	There should be an option for registered user to log out after signing in	3	User control & freedom
Explore game reviews	There's no need to have two options 'game reviews' and 'game guides' below Explore when both of them refer to the same page	3	Aesthetic & Minimalist Design
Connect	Since activity time line is related To specific user, it should be a section of user's own page instead of the connect page	3	Flexibility and efficiency of use
Explore recommendation	If I browse as a guest, there are still game recommendations saying that those match my taste while the web knows nothing about a guest	2.5	Match between System and real world
Connect Team search	The 'Goal' section in 'Teammate Search' seems ambiguous	2	Recognition rather than recall
Explore guides	The sections 'popular guides' and 'your friends are talking about' might have a big overlap	2	Aesthetic & Minimalist Design
Home page	There's no cancel button for cancelling sign up	3	User control & freedom
